

But God...

July 10, 2022

Last week, we looked at how God continually provides Wisdom. He does that through His Word and His Holy Spirit.

Today, we will look at a trait that most people struggle with. We will see that when we apply His Wisdom, we will be able to exude **Patience**.

As a reminder, here are the topics of the seven messages in this series: Because of His **Mercy & Grace**, He offers **Salvation** by providing a way out of **Temptation** even when all seems **Hopeless** as He continually provides **Wisdom** extending **Patience** all while doing the **Impossible** in our lives.

Our message for today is titled: "**But God...Extends Patience**" Our points will be:

- 1 - The World is Against Us
- 2 - But God...is for Us
- 3 - Therefore, We Should Live for Him

**Because He Calls,**
